Professional Projects

Webtv Dynamic PHP page
Nov 2020 - Jan 2022

For U.A.B. Media

U.A.B. Media is a PHP + WebTV webpage created by the students of the communication faculty where there are all the television & radio records that are created in our faculty.

Dynamic Portfolio Creation
Nov 2020 - Jan 2022

For Unbrushed

Web development with full stack technologies. Creation of an online Portfolio without using libraries. The entire web is modified simply by changing the values of a PHP array.

PHP Web CMD Development.
Aug 2020 - Nov 2021

In Punto Wash.

A teamwork project where we developed a webpage mixing Worpress, Elementor, custom CSS and PHP technologies.
We created a visual rebranding and implemented in code.

Branding and Web Designer.
Apr 2020 - Jul 2021

In Urban Events Barcelona.

A PHP 'ticket e-comerce' Wordpress webpage as requested by Urban Events, a mix of all my Front-End knowledge. I created their brand ecosystem and their dynamic webpage.

Marketing & Visual head.
Dec 2019 - Mar 2020

In Motorsag Mataró.

Team leader as a Brand image director, we created the Instagram profile, videos and photos and a web prototype. Professional cameras and drones were used.
